In re: KFCC(AM), Bay City, Texas
Special Temporary Authority

Dear Mr. Cervantes:

This is in reference to the September 8, 1995 letter from Larry D. Eads, Chief, Audio Services Division, Mass Media Bureau to Don Werlinger ("Bureau Letter"). The Bureau Letter: (1) cancelled Special Temporary Authority ("STA") authorizing Chameleon Radio Corporation ("Chameleon") to operate station KFCC(AM), Bay City, Texas, at variance from its licensed parameters; (2) denied Chameleon's August 4, 1995 request for extension of that STA; (3) required KFCC(AM) to immediately resume operations from its licensed site in Bay City, Texas; and (4) granted an objection to the STA filed by Tom S. Whitehead.¹

Pending Commission action on this matter, the Bureau's cancellation of the STA IS HEREBY STAYED. Accordingly, Chameleon's August 4, 1995 request for an extension of the STA and the objection filed by Tom S. Whitehead are returned to pending status.

Sincerely,

Linda Blair,
Acting Chief
Audio Services Division
Mass Media Bureau

cc: Mr. Don Werlinger
John Joseph McVeigh, Esquire
Counsel for Tom S. Whitehead
CIB Houston

¹ The Bureau Letter also dismissed an objection filed by South Texas Broadcasting, Inc. ("South Texas").

RE: KFCC (AM)
BAY CITY, TX

Dear Licensee:

This is in reference to your request for the modified call sign assignment filed on Apr. 26, 1995. Review of the Commission's records indicate that the requested call sign is available for assignment. In view thereof the call letters of AM broadcast station KIOX located in BAY CITY, TX are hereby changed to KFCC effective May. 16, 1995. This letter is considered part of your station license or construction permit pending issuance of an authorization incorporating the new call sign.

Sincerely,

Alma L. Hughes

Lms: 5-11-95
OFF: 5-16-95
KIOX(AM) → KFCC

Dear Sir/Madam:

Please consider this letter the request of AM radio station KIOX at Bay City, Texas for a change in its call sign. The call sign requested is:

KFCC ✓

If for some reason the call sign KFCC is unavailable, the following two call signs are alternates which are acceptable to us:

KILE
KEAL

Transmitted herewith also is a check in the amount of \$65.00 to cover the filing fee for the above call sign.

Sincerely,

Don Werlinger
President

Comments: Ms. Hughes,

Here is the anti-drug certification on the application for
KFCC at Bay City, Texas (KIOX 1270 kHz, 1 kw, L DA-N).
The certification of consumption will be forthcoming
today from the firm of Pepper and Corrazinni.

ANTI DRUG ABUSE CERTIFICATION

The applicant certifies that, in the case of an individual applicant, he or she is not subject to a denial of federal benefits that includes FCC benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862, or, in the case of a non-individual applicant, no party to the application is subject to a denial of federal benefits that includes FCC benefits pursuant to that section.

Re: Radio Station KIOX-AM
Bay City, TX

This refers to your above-captioned Special Temporary Authority (STA) which was granted on May 5, 1995. Effective 5/18/95. The STA was granted to allow KIOX-AM continuing to serve the public. However, further study of your STA request reveals that KIOX-AM does not cover its city of license, Bay City, TX from the proposed transmitter site in contravention of Section 73.24(i) of the rules. Therefore, the grant of your STA is **HERE BY RESCINDED**, and the licensee should return to its licensed site. Alternatively, if necessary, KIOX-AM should request an STA to remain silence until its finds a new site which covers Bay City.

Re: Radio Station KIOX-AM
Bay City, TX

This supersedes STA letter dated 5/5/95 to correct transmitter location and power of operation. This is in reference to licensee letter dated 4/21/95. Effective 5/5/95. Temporary authority granted to relocate the station from presently authorized site to the geographic coordinates NL: 29° 38' 14" WL: 95° 32' 24" due to loss of authorized site. Operating power will be 300 watts during daytime hours and 50 watts during nighttime hours utilizing a nondirectional mode on a frequency of 1270 kHz. The type antenna to be used is a self-support, series excited, folded unipole 54.86 m (180') tower producing an inverse distance field of 323.5 mv/m/kW. This tower is one of the three existing towers array. You are cautioned that proceeding with this authority and any construction incident there to are undertaken entirely at your own risk and that this authority does not in any way prejudice what ever action may be taken with regard to your construction permit when filed. This authority is granted in consideration of your good faith and representation that you will submit a completed and acceptable FCC Form 301 prior to expiration of this authority. Reduce power further if interference complaints are received. Your obligation to notify regional F.A.A. of the proposed tower of any possible lighting or marking requirements which are governed by Part 17 of the F.C.C. Rules with which you must comply as a precondition to use this authority. This authority expires 8/1/95.

Comments: John,

Here is an amended Figure: E-1. The only changes we propose to make to the existing 180' tower is the installation of insulators and the folded unipole antenna. The tower in our original proposal will be the center tower of what will be a three tower array. Again, we will have a form 301 to you *within* 30 days of placing the STA on the air. All we need is time to take some readings off the STA site in order to properly design the pattern. I am also sending you a copy of the check we sent with the original STA on form 155. If any questions, please don't hesitate to call me.

Thank you,

Don Werlinger

Call Letters: KIOX(AM)

Date Granted **APR 18 1995**

File Number(s): BAL-950216EA

NOTICE TO ASSIGNEE:

Enclosed is FCC Form 732 notifying you of the Commission consent to the assignment of the construction permit and/or license of the station(s) therein described. Voluntary assignments are required to be completed within sixty (60) days of the date granted.

In addition to filing of the below mentioned FCC Form 323, you are required to immediately notify the AM Branch (8910), by letter, as to the exact date of the consummation; that is, the date on which the acts necessary to effect the assignment were completed. If you are unable to consummate the transaction within the prescribed sixty (60) day period, you are required to contact the AM Branch and request an extension of time to effectuate the consummation; if you decide not to consummate the transaction, you must also notify the AM Branch of this decision immediately. In addition, you must inform the AM Branch if the station(s) involved were silent prior to consummation and are resuming broadcasting after the consummation or if the station will remain silent for a period after consummation.

Within thirty (30) days after the consummation of the assignment it will be necessary for you to submit an Ownership Report (FCC Form 323) reporting all changes as required by Section 73.3615 of the Rules. Where applicable, a separate Ownership Report should also be completed and submitted for any holding company (25% or greater ownership interest) of the licensee/permittee. Contractual information required by Section 73.3613 should be reported for the assignee in Item 6, page one of the Ownership Report and copies of each instrument should be submitted with the report. If this is an involuntary assignment that was a result of a death or court action, an Ownership Report must be filed to determine that all requirements of the Rules have been met and reported.

In the event the assignee is the licensee/permittee of another station and has a current Ownership Report on file, you may complete and file only page one of FCC Form 323 to reflect the acquisition of the station(s) listed above. FCC Form 323 is enclosed for your convenience in filing.

It is of the utmost importance that all Commission correspondence comes to the immediate attention of the permittee or licensee. Only one mailing address can be maintained for each station. Unless we hear from you to the contrary, the above address will be used as your permanent mailing address.

If the assignor has any applications pending before the Commission, these applications must be amended to reflect the name of the assignee. Upon consummation of the assignment, amendments to each application must be filed by the assignee, in triplicate, signed by the proper party (see Section 73.3513 of the Rules). Further processing of these applications will be withheld pending receipt of the amendment.

KIOX (AM)

BAY CITY, TX

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.

The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.

The actual consummation of voluntary transactions shall be completed within 60 days from the date hereof, and notice in letter form thereof shall promptly be furnished the Commission by the buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s). FCC Form 323, Ownership Report, must be filed within 30 days after consummation, by the licensee/permittee or assignee.

ADDITIONAL REQUIREMENTS FOR ASSIGNMENTS ONLY:

Upon consummation the assignor must deliver the permit/license, including any modifications thereof to the assignee.

It is hereby directed that, upon consummation, a copy of this consent be posted with the station authorization(s) as required by the Commission's Rules and Regulations.

The assignee is not authorized to construct nor operate said station(s) unless and until notification of consummation in letter form has been forwarded to the Commission.

Re: Request for Special Temporary Authorization for KIOX AM at Bay City, Texas

Dear Sir/Madam:

Transmitted herewith please find an original and two copies of a request for Special Temporary Authorization (STA) to relocate the transmitter site of AM station KIOX (call sign change to KFCC applied for) at Bay City, Texas.

FCC form 155 along with the required filing fee of \$115.00 are also enclosed.

If there are any questions regarding this request, please direct them to the address and telephone numbers above.

Respectfully,

Don Werlinger
President

cc: KIOX public inspection file

Before the Federal Communications Commission

Washington, D.C. 20554

Request To Relocate Transmitter Site of KIOX AM At Bay City, Texas Under Special Temporary Authority

Engineering Statement

KIOX AM (1270 kHz, 1 kw, U, DA-N) currently operates from a licensed site near Bay City, Texas (N 29 - 38 - 10, W 95 - 32 - 22). Due to the loss of its currently licensed site, Chameleon Radio Corporation ("Chameleon") licensee of KIOX (Note: New Call Sign - KFCC applied for as of April 21, 1995), respectfully requests authority to operate from an alternate site utilizing Special Temporary Authorization (STA).

Proposed STA Site

KIOX proposes to utilize a site located 0.28 km (0.175 miles) east, southeast of intersection of Riceville Road and Cravens Road in rural southwest Harris County on a bearing of 100% True from that intersection. The geographic co-ordinates of the proposed site are: N 29 - 38 - 10, W 95 - 32 - 22. The site is outside the corporate limits of any city. (See Exhibit: E - 1)

Proposed Antenna System

KIOX proposes to utilize a 54.86 meter (180 ft.) tower (representing 83.65% in electrical height) supporting a folded unipole antenna system. The folded unipole will be bonded to the support tower at the 50 ohm point. Applicant proposes to utilize a copper wire mesh ground screen around the base of the support tower to a distance of 7.31 meters (24 feet). Bonded to the mesh screen will be 120 radials comprised of #12 soft drawn copper wire extending to a distance of 59.13 meters (194 feet), except radials will be truncated where they intersect property line. No radial shall be shorter than 45.72 meters (150 feet) in length (including mesh). (See Exhibits: E - 2, Page 1, and E - 2, Page 2)

Allocation

As herein proposed, KIOX seeks authority to operate with 1,000 watts non-directional daytime and 250 watts non-directional from the proposed STA site. The proposed STA operation will produce no prohibited overlap with the exception of overlap to KWHI (1280 kHz, 1 kw, ND-D) at Brenham, Texas.

With regard to overlap both produced and received from KWHI, field strength readings on the currently licensed non-directional operation of KIOX are submitted along radials bearing 10, 30, 310, 330, and 350 degrees true. Accurately plotted, the resulting contours show a wide area of overlap between the currently licensed KIOX site and KWHI. Utilizing Figure M-3 to determine contours, there will be .5 mV/m overlap between KIOX and KWHI from the proposed STA site; however, the overlap created from the proposed STA site will reduce overlap to KWHI by more than 35% as compared to the overlap produced by the currently licensed KIOX site. (See Exhibit: E-5, Pages: 1 thru 4)

Readings To Be Taken

Chameleon intends to make the proposed STA site its permanent transmitter location. An application seeking to make the proposed STA site the permanently licensed site is currently being prepared; however, field strength readings from the proposed STA site are necessary to complete that form 301 application; therefore, the application cannot be presented prior to grant of the instant STA request. Once the STA operation is on the air, Chameleon will immediately commence necessary field strength readings along pertinent radials and the formal form 301 request to make the STA site the station's permanent transmitter location.

FAA Authority

Although the proposed 180 foot tower is below minimums necessary to seek FAA authority to construct, Chameleon has presented an FAA form 7460-1 to the FAA Southwest Regional office in Ft. Worth, Texas on April 20, 1995. FAA approval of the form is expected prior to May 1, 1995. (See Exhibit: E - 6).

If any questions occur regarding the instant request, please contact:

Don Werlinger, President
Chameleon Radio Corporation
